

THE PEOPLE

An illustration of two crossed American flags and a drum. The flags are the 48-star version of the United States flag, with red and white stripes and a blue canton with white stars. They are crossed at the poles, which are topped with white feathers. Below the flags is a drum with a white body, red rim, and black lugs. The entire scene is set against a dark blue background.

Miss Jean Risen

MISS JEAN RISEN

There are teachers who teach, and there are teachers who also inspire. We have chosen to dedicate the 1976 AMULET to a teacher whose unwavering devotion to high standards has led to the continuing benefits of her students. Her courses are no "dumping ground." She makes her students work hard. But they swear by her and are grateful for her efforts when they enter the world of employment. To them she contributes not only skills but also an "attitude" for an approach to life that will carry them through the years to come. The quality of education at Limestone High School has for 18 years been significantly enhanced by her presence.

With sincere appreciation we dedicate the 1976 AMULET to MISS JEAN RISEN.

Helping students to achieve the highest standards of excellence.

Homecoming

The theme for 1975 Homecoming activities was "America the Beautiful." During the week before homecoming, the nominees for Queen and Court were announced. On given days, every nominee wore carnations.

On the opening night of the variety show the queen and court were announced. Pam Thomas represented the freshman class. Terri Ingram was chosen for sophomore attendant; Debbie Hermann, junior attendant; Janice Brickner, senior attendant; and the 1975 Homecoming queen was Kathy Chitwood.

Friday night the bonfire was held and the winners of the skit competition and filler-act competition were announced. The seniors received first place for a winning skit. J. R. Thomas and Beth Linville rated a second place in the filler-act competition. For the first time in LCHS history there was a tie for first place between Jody Cady and Greg Seamen.

The parade and the judging for the float competition were held Saturday at 10:30. The game was held at 2:00. During halftime activities it was announced that the junior class received first place for their float. Although the Rockets didn't win, the student body was behind them.

Spirit of '76

As freshmen, "The Spirit of 76" was young, new, growing, and building strength . . .

As sophomores, "The Spirit of 76" became aware of their growing strength and independence by winning Spirit Week.

As juniors, "The Spirit of 76" proclaimed their independence by winning the homecoming float competition and staging a magnificent prom.

As seniors, "The Spirit of 76" felt their might and won the homecoming variety show skit competition and enjoyed a year full of successful triumph as a class that earned the right to be called and remembered "The Spirit of 76!"

Freshman Class Officers

Treasurer: Karen Young, President: Sherri Foster, Vice President: Jane Kasap, Secretary: Connie Davis.

First Year Well Done

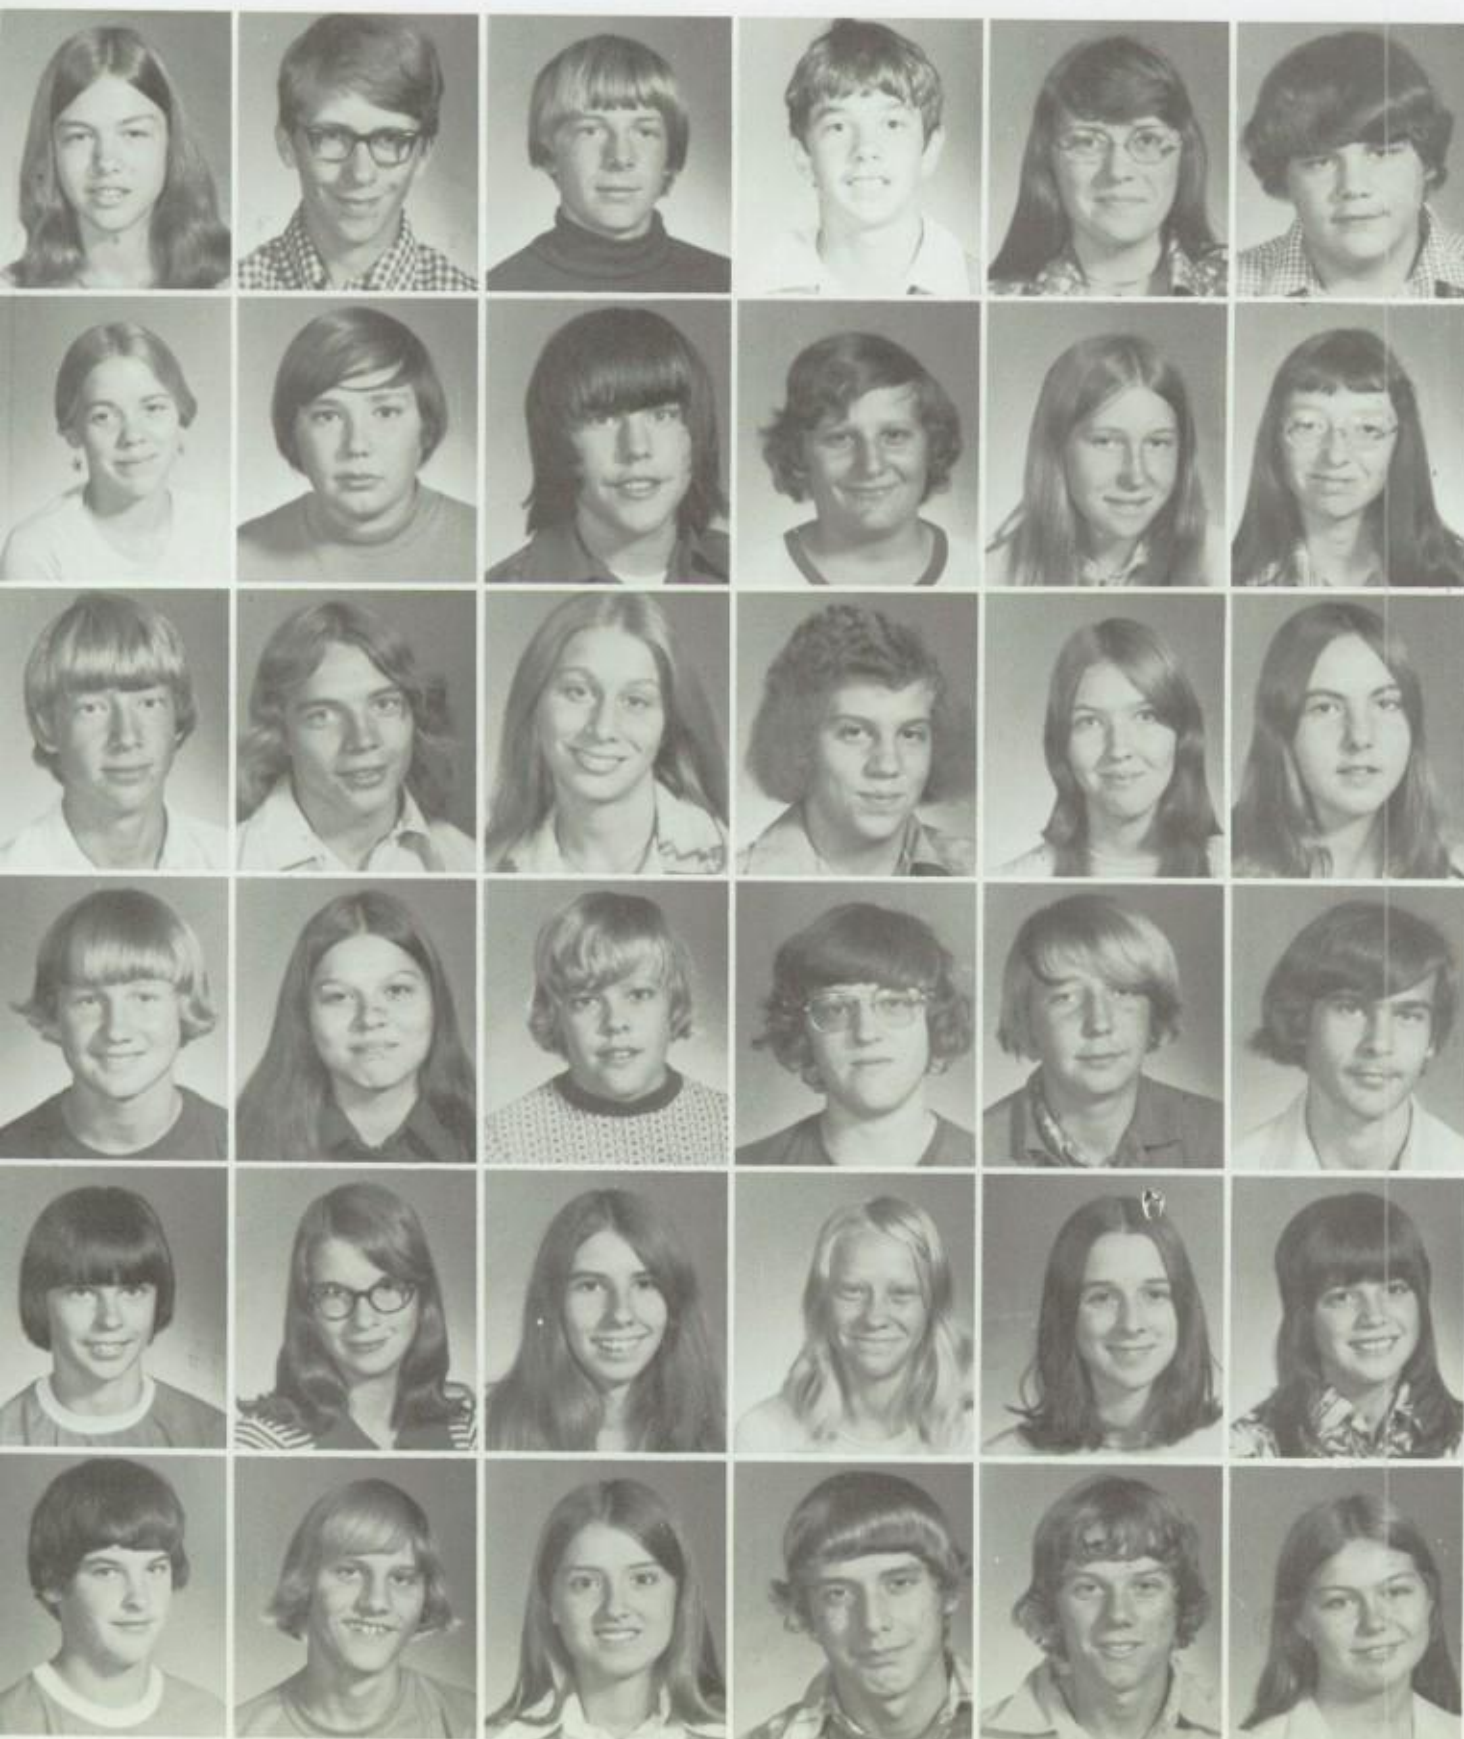

The year 1975-76 was an exciting year for the new in-coming Freshmen. They started out in great shape as they walked away with the first spirit paddle, got first place in the Toys for Tots drive, and did well in other events of the year.

The Freshman football team started out and finished in good shape. If they keep the spirit that they had this year in the future, they may give the name of Limestone a great boost.

Miss Schmidt, Mr. Matheuson, and Mrs. Combites, the Freshman advisors, helped a great deal with the Freshman skit, float, and other things arranged for the Freshmen.

A bake sale at Bartonville Bank helped the Freshmen to begin collecting money for prom to be held in future years.

With the help of the class officers and advisors, the Freshmen ended their first year very successfully.

Freshman Memories

Freshmen put out a big spirit effort at their first pep assembly.

How about all pulling at once, guys? It just might help.

Wanna play a little football, big boy?

Shari is pressured by all her tough homework.

Frosh enjoy a quiet dance at Homecoming.

Watch the birdie, everybody!

Trina shows her great dedication for the Freshmen on 60's day.

"So help me, if you take a pic . . ."

Rusty Jaegle hands off to Greg Prichard on the end around.

This year the varsity football team started and ended the season on winning notes. It was in between those games that the Rockets lost seven consecutive games.

The players and coaches deserve a great deal of credit for sticking it out this season. The Rockets are looking forward to next year as they will be a much more competitive team.

Quarterback Rick Ingram drops back to pass as his line protects him.

The Freshmen worked hard and here, in practice, they are pushing the sled.

Coach James Marry and his assistant Bob Koeppel worked diligently with the squad as they inspired them to a winning season.

The young Rockets had many fine athletes on the team including an outstanding offensive backfield.

They are anxiously looking forward to next year as they will be competing in the Mid-State Nine for the second year.

Pete Hinrichs was this year's captain.

This year's varsity cross-country squad had a very surprising season.

The Rockets went up against incredible odds in that they had a new coach and they were the youngest cross-country squad since 1970.

Mr. Zaeske did a fine job in his first year with Roy Source the most valuable runner, Pete Hinrichs the captain, Rick Thomas the Callear Memorial Award winner, and Jim Bedwell the most improved runner.

Next year the Rockets will be among the top of the Mid-State Nine with only one senior leaving and hopefully everyone else returning.

Roy Source, a sophomore, was the most valuable runner.

Bob East keeps up his tiring pace as he rounds a turn.

Frosh-Soph Runners Finish Slow

Randy Stagers is off to a quick start.

John Marter continues his tiresome pace.

The Frosh-Soph cross country team faced one major problem this year. Most of the very talented runners had to run on the varsity.

Taking this into consideration the young Rockets did a very credible job under Coach Zaeske as they worked very hard during their long campaign.

Leading the JV squad were Keith Borland, Marc Bruniga, John Marter, Jay Patel, Randy Stagers, Mike Julian, and Daniel Moss.

This year's varsity wrestling squad was probably one of the most outstanding wrestling teams that Limestone has ever produced.

Working with a nucleus of 7 seniors and 13 juniors, Mr. Vilt coached his team to a 17-5-2 season.

The Rockets had many wrestlers that were either winners of tournaments or top finishers.

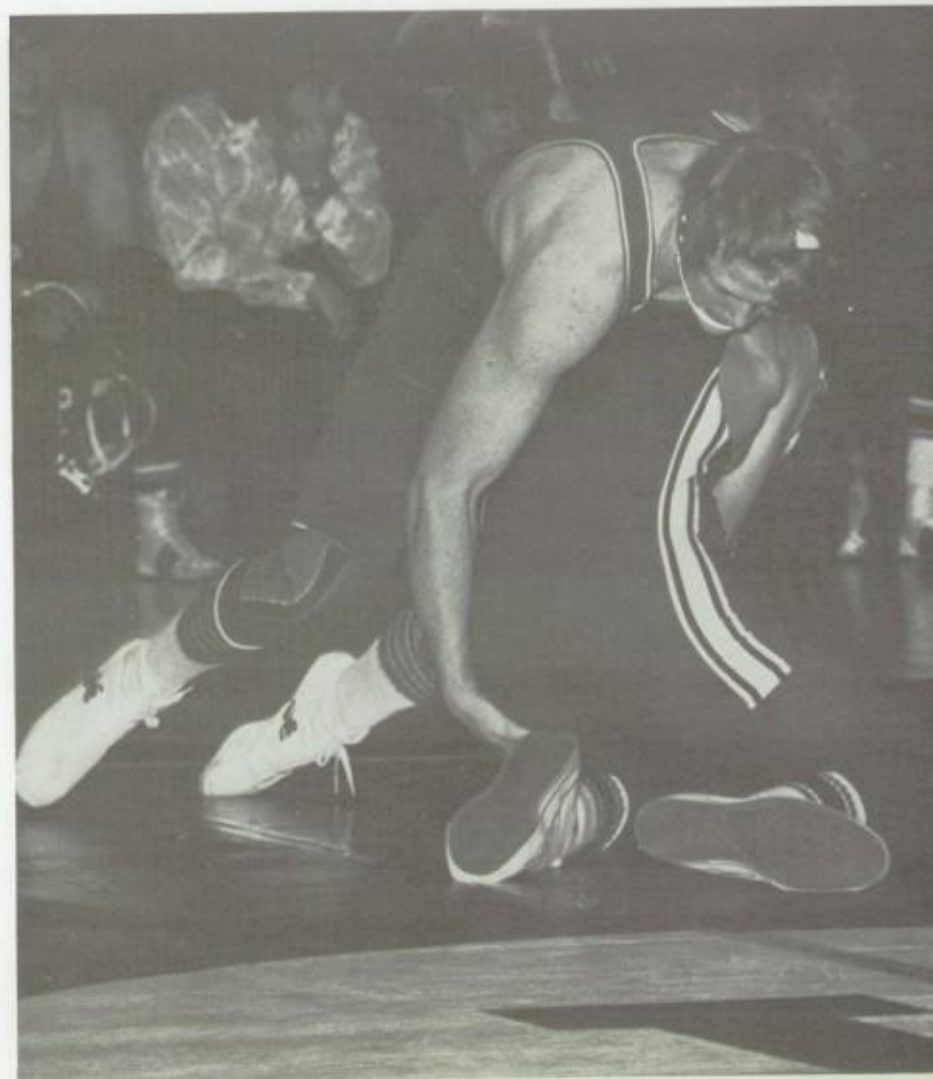

The top wrestlers the Rockets had this year were Dave Snook (98), Dale Christner (105), Phil Delgadillo (112), and Kevin Pitzer (112), Mark Stewart (119), Don Patten (132), Kirk Stuaan (138), Mike Hoopingarner (145), Brian Wilson (155), Tom Taylor (167), and Greg Wittmer (185).

These eleven wrestlers had a combined record of 209-97-9 for an average of 19 wins each.

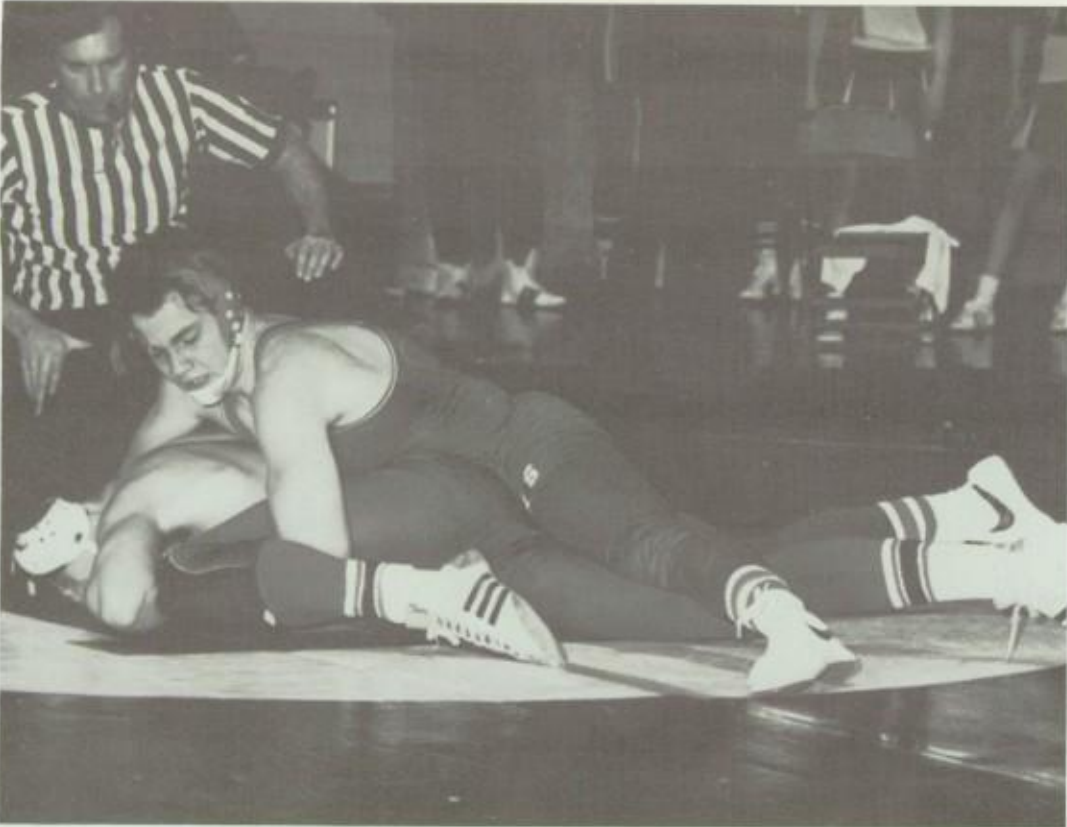

Dale Christner and Greg Wittmer advanced the farthest as they both placed 4th in the sectional tournament in which the Rockets entered seven wrestlers.

Team captain Brian Wilson was voted most valuable wrestler while Greg Wittmer was awarded most improved.

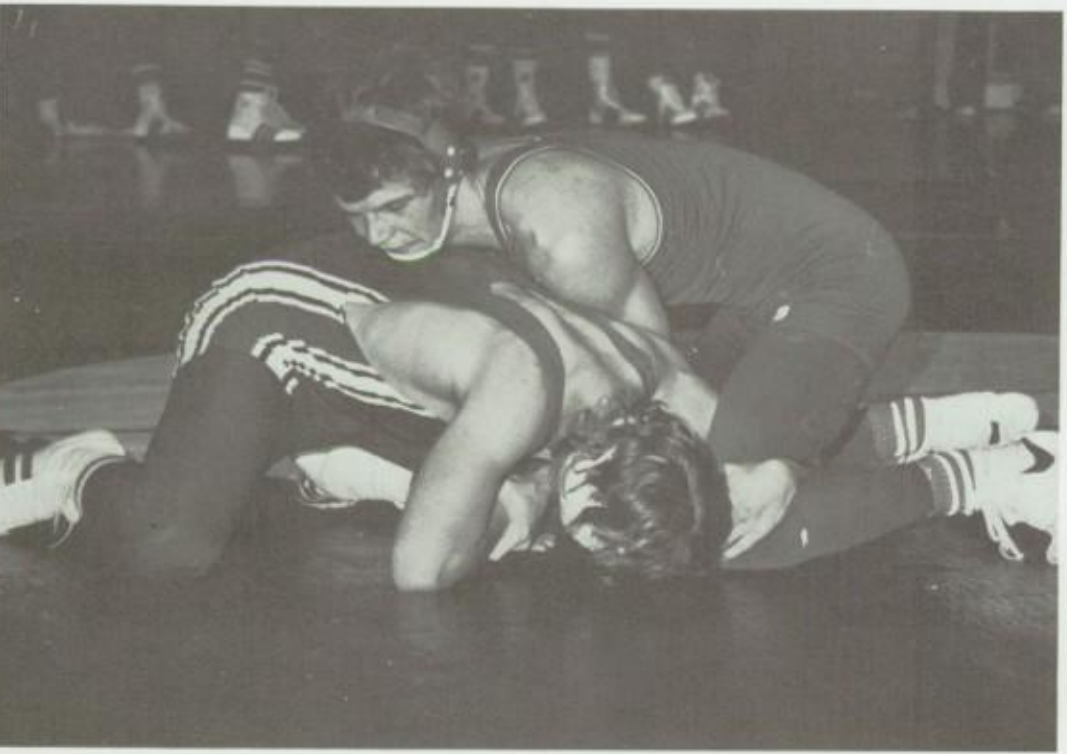

Next year the Rockets can only hope their juniors will help them duplicate the success they had this year.

Rockets Look Toward Next Year

The 1975-76 varsity basketball season was one filled with disappointment. The Rocket roundballers finished 6-20 on the season, and 3-13 in the conference although they played 9 of the state's top 20 ranked teams in both Class A and AA.

The season did have its bright spots as the Rockets defeated Bergan twice, East Peoria, Washington, Farragut, and Normal U. High. The Rockets entered the Illinois State Classic at ISU where they won two of the tournament games and finished second in the consolation bracket losing by one point to Bloomington Central Catholic.

Individually the squad was blessed with two standouts, seniors Randy Thome and John Carroll who both scored over 12 points a game.

Next year the Rockets can expect a lot as they return nine players from this year's varsity squad including juniors Jerry Taylor, Jim Boerckel, Howard Rieck, Brian Aaron, Bill Zahner, and John Martin, and sophomore standouts Larry Thomason, Rick Ingram and Art Biggs.

Mike Millslagel scores two on a lay-up underneath.

The Rockets fast break as Bill Zahner feeds a bounce pass to Howard Rieck.

School Has Many Aspects

The Fine Arts Festival, given by the art and music departments, was very successful.

Mr. Burlison teaches his auto mechanics class.

There was a very big turn out for Career Day.

Fond Farewell Mrs. Knezovich

The Limestone Science Department presented Mrs. K. with a plaque at a dinner party held in her honor at Jumer's Castle Lodge Restaurant.

Husband John pins on a corsage during a farewell gathering of the faculty and staff. As a memento of her 12 years at Limestone, Mrs. Knezovich was given three pieces of luggage to help boost plans for a long trip to Europe.

Mr. Russell Wittmer presented the plaque to Mrs. Knezovich.

Mrs. Knezovich is congratulated by Mr. Endsley for her many years of dedicated service to Limestone.

Limelight Provides Communication

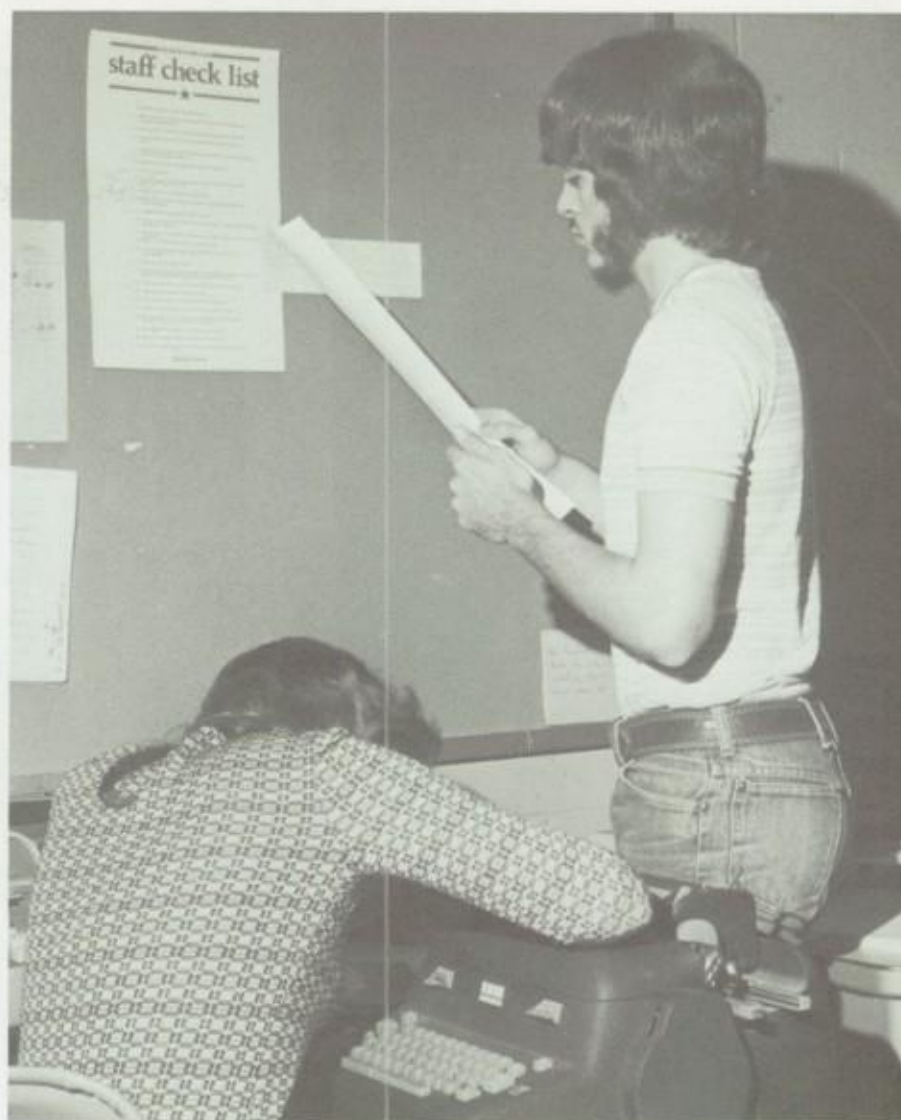

Sometimes Barry Heuer cracks under the strain of work.

Counting money from a Limelight sale is the staff.

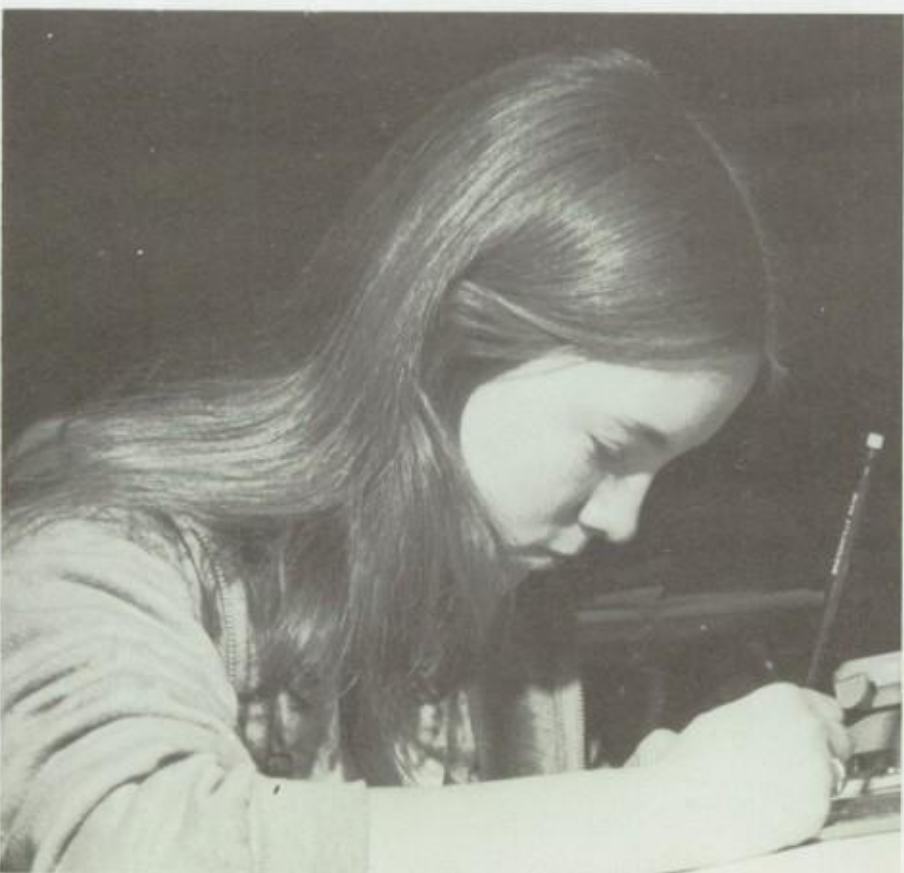

Greg Hidden and Jack Slater discuss a story.

Sometimes Mike is critical over stories and the staff reacts.

With the loss of many seniors to graduation in '75 and with the mid-term graduation of Lisa Williamson and Jennifer Bauman, the Limelight had but a few experienced people left. With the help and determination of many underclassmen, they proved that they could make the Limelight a success.

Barb Chaney proof reads the paste-up.

WILL THE NATURAL GAS INDUSTRY BE ALIVE WHEN YOU ARE 25?

(And do you really care?)

We're running out of natural gas . . . one of our nation's most important resources. Natural gas makes up about 1/3 of the energy used in America today. In Central Illinois it heats more than 90% of our homes and does a lot of other important jobs like cooking, clothes drying, water heating and industrial processing.

But there won't be any gas left in 10 years if we keep using it at our present rate and no more is found. That's where you come in. The energy industry is going to need a lot of help in future years to solve its problems. Engineers, geologists, chemists and good legislators will all be able to contribute their part in finding new energy sources and making the most of the ones we already have.

Sound interesting?
